I apologize for my earlier email about the availability at 9. The conference room is reserved from 9-9:45 by someone else so we can push our start time to 10:45 to 11 if they want to test it around 10. Sorry for the incorrect information earlier. Let me know how they want to do it.

Yes, we are planning on 10:00 meeting. Would be good if we could come at 9:00 to set up and check the presentation capability.

Yes, that would be fine. Did we decide on 10:00am as our start time? If so, what time would they like to come in?

Amy, they have come up with some solutions they think would work, but to test them out and to make sure our meeting is productive, they would like to come early to set up. Would that be possible? Thanks.

I have confirmed that we do not have wi-fi for parties outside the agency.

I hope this doesn't cause too much trouble.

Thanks,

Amy
